Types of AYUSH Counselling

AYUSH counselling (for **BAMS, BHMS, BUMS, BSMS, and B. Pharm-ITRA** courses) is split between the **Central Government** and the respective **State Governments**.

Just like MBBS admissions, you must track two separate authorities based on the seat quota you are targeting.

1. Central-Level Counselling (15% Quota)

The **Ayush Admissions Central Counselling Committee (AACCC)**, operating under the Ministry of AYUSH, conducts the centralized online counselling.

Official Website: aacc.gov.in

What seats they manage:

- **15% All India Quota (AIQ)** seats in all Government and Government-Aided AYUSH colleges across India.
- **100% seats** in all National Institutes (like NIA Jaipur, NIH Kolkata) and Central Universities (like BHU, AMU).
- **100% seats** in all Deemed Universities nationwide.

2. State-Level Counselling (85% Quota)

The **respective State Counselling Authorities** conduct counselling for the remaining vast majority of AYUSH seats.

What seats they manage:

- **85% State Quota** seats in all local Government and Government-aided AYUSH colleges.
- **100% seats** in all private traditional AYUSH colleges and state private universities situated within that specific state.

Who conducts it: The exact same state departments that manage MBBS/BDS state counselling also handle AYUSH state counselling.
